How to Track your Pending and Settled Transactions

You can view both pending and settled transactions for your Corporate, eCommerce, and Receivables accounts directly in the Client Portal. This helps you track financial activity in real time and understand the status of every payment.

Step 1: Access Your Account Overview

1. In the left-hand menu, click **Accounts**.
2. For the specific account you want to review, click the three-dot menu (ellipsis).
3. Select **Account overview**. This will take you to a dedicated page for that account.

Pending Transactions	Settled Transactions	Statement	Account Details	▼ Filter	
Date	Counterparty	Description	Amount	Balance	Status
10/09/2024	ALFA Bank	Vic Test	- 48.00	2,460.00	Cancelled
08/06/2023	manualDebit()	manualDebit()	- 1,000.00	203,677.45	Completed
08/06/2023	manualCredit()	manualCredit()	+ 2,500.00	203,677.45	Completed

Step 3: Examine Full Transaction Details

To see the complete breakdown of any transaction:

1. Click anywhere on a transaction row.
2. This will open a panel showing:
 - **Transaction details:** Includes Type, sent date, value date, reference, and remittance information.
 - **Payer details:** Shows the Account number, name, and address of the payer.
 - **Beneficiary details:** Shows the Account number, name, and address of the beneficiary.
 - **Payment details:** Includes the Amount instructed, amount received, and fees applied.
3. To save a copy of these details, click **Download PDF** at the bottom of the panel.

Step 4: Filter Your Transactions (Optional)

You can filter through your pending or settled transactions to see only the ones you need.

1. Click **Filter** (or a similar button, typically in the top right of the transaction list).
2. Apply criteria such as:
 - **Date range:** Specify a start and end date.
 - **Transaction direction:** Choose incoming or outgoing.
 - **Status:** Filter by a specific status (e.g., Pending Approval, Confirmed).
3. Click **Apply** to show the results or **Clear all** to reset the list.
